FIFTEEN KILLED WHEN LUMBER CAR HITS INTERURBAN

**Breaks From Train and
Rushes Down Sleep Grade
at Terrific Speed.**

**Nine Bodies Removed From
Burning Mine.**

OTHERS ARE BURIED IN THERE

Wilkesbarre, Pa., Nov. 10.—Nine bodies were recovered from the Aachington colliery of the Delaware, Lackawanna and Western Coal company at Nanticoke, where a squad of nine workers were shut in by fire last night following an explosion. The number missing is estimated at between five and ten. There is little chance they are alive. The fire was fought all night. It is believed now to be under control, but it is still burning.

Fifteen People Killed.
Vancouver, B. C., Nov. 10.—Fifteen were killed and 24 injured today when a car loaded with heavy lumber broke away from a freight train and down hill, colliding with a passenger interurban, according to reports received here. Seeing the freight car approaching, the interurban shouted to the passengers to jump, reversed the controller and jumped himself. Few passengers had time to escape. They were caught like rats in a trap. Few were uninjured. Fifteen bodies were laid out at Lakewood station, resembling a charnel house. The injured were cared for at private residences, pending the arrival of a special train, bearing doctors and nurses which was dispatched. Lakewood is ten miles from here.

Opening Tobacco Sales

Many wagon loads of tobacco came in today from around Paducah and extensive preparations are being made at Bohner's large leaf tobacco warehouse, Ninth and Harrison streets, for the opening of the sales Monday morning at 10 o'clock. Tobacco began coming in the first of this week and there will be a big supply on hand next Monday. Larger sales are anticipated this year than last.

DR. SIGHTS SPEAKS ON PREVENTING DISEASE

Evansville, Ind., Nov. 10. (Special.)—Among the speakers at the Ohio Valley Medical association today was Dr. H. P. Sights, of Paducah, who spoke on what sanitation does to prevent disease.

LITTLE ERNEST WESLEY DIES OF BRAIN TROUBLE.

Ernest Wesley, the 3-year old son of Mr. and Mrs. John W. Harger, died at 11:40 o'clock last night at the home, 1844 Guthrie avenue, of brain trouble. The funeral will be held tomorrow morning at 10 o'clock at the residence, and burial in Oak Grove cemetery.

New Officers in Fulton.

Hickman, Ky., Nov. 10.—The part election gave Fulton county three new officers—sheriff, county attorney and assessor. The rest are old officers re-elected. The officers for the county and district are as follows: R. J. Buge, circuit judge; F. S. Moore, representative; R. L. Smith, commonwealth attorney; Gaudier Johnson, sheriff; S. T. Hoyer, county court clerk; J. W. Hony, county attorney; Joe Noonan, jailer; W. A. Naylor, county judge; J. W. Morris, circuit clerk; L. D. Smith, coroner; Gaudier Johnson, for sheriff, landed the largest vote of any of the candidates, coming in on the home stretch with 1,247. He was the youngest candidate running, and the youngest man that has ever been sheriff of Fulton county.

Salaries Raised in Graves.

Mayfield, Ky., Nov. 10.—The fiscal court of this county has raised the salaries of nearly all the county offices, and has begun to cut down expenses in other ways. The court at its next session will take up the matter of reducing the salary of the county physician and the smallpox doctor.

New Photograph Gallery.

A new photograph gallery will be opened on the first floor of the Three Links building, Fifth street and Kentucky avenue, tomorrow by Messrs. M. L. Riley and G. H. Mr. Riley was formerly in the photographic business here with Mr. Sacra, but went to Oklahoma. Returning a short time ago he decided to return to his old business here.

Mme. Steinheil Threatens to Be "Indiscreet" Unless Prosecuting Attorney Relents and He Does So

**"Red Widow" Is Angered at
Severe Attacks On Her De-
fense—Persian Capital In
Danger of Sacking.**

Paris, Nov. 10.—"I am becoming angry. Don't exasperate me longer. I am defending myself cautiously because I unfortunately am obliged to, if you drive me to it, I'll cease to be discreet. Do you understand?" Thus it undertone, pregnant with significance, Mme. Steinheil gave a glimpse of the trump card with which she hopes to win the game for her life. This followed the sharp questions of Devalles, which damaged her defense.

He evidently understood, and glanced apprehensively at her and abandoned the objectionable line of questioning. It is believed she threatened by "being indiscreet" to expose intrigues of high French officials. She was angered by yesterday's development, which damaged her case extremely.

Tehran Threatened.

Tehran, Nov. 10.—Honed by news that Rache Khan, a former partisan of the deposed shah, is marching from the western provinces with an army of mercenaries to overthrow the shah, authorities today began strengthening the city's defense. Rache Khan, heading a force of Shah-sevan tribes, boasts he will loot Tehran, as the tribesmen have looted Arkhah, where foreign residents still hold the Russian consulate against the besieging savages.

A small force of Russian Cossacks succeeded in reaching the Arkhah consulate today. The besieged hope to be able to hold out until the arrival of the Persian relief forces from here. It is generally believed Rache Khan's object is to overthrow the present government and replace the deposed shah on the throne.

Kills Wife, Burns Home and Drinks Dose of Poison

Herea, Ky., Nov. 10. (Special.)—Cash Moody killed his wife with a butcher knife, set fire to his house and took carbolic acid. He was rescued by neighbors unconscious, but died before a mob, formed to lynch him, could get at him.

BURLBY SOCIETY CHECKS NOT PAID

**BANKS ARE MADE PARTIES IN
SUITS AGAINST THE
POOL.**

Winchester, Ky., Nov. 10. (Special.)—Owing to the number of suits pending against the Burlby society, in which the depositories are made co-defendants, notice was given today by the banks interested that for the present no checks of the society will be paid.

Bank Cashier Sentenced.

Pittsburgh, Pa., Nov. 10.—David J. Richardson, former cashier of the Cosmopolitan National bank, today was sentenced to five years in the federal penitentiary at Leavenworth, Kansas, by Judge C. P. Orr, in the federal district court. The sentence follows Richardson's conviction upon 24 counts of the indictment charging him with making false entries in the book of the bank and reports to the comptroller of currency. Bail was renewed and an appeal will be filed by his attorneys.

Mrs. L. C. Dallam, of Henderson, Ky., is quite ill at the home of her daughter, Mrs. Henry Brunett, on Fourth avenue. Louisville Herald.

GOTCH WINS.

Chicago, Nov. 10.—Frank Gotch, champion wrestler of the world, defeated Giovanni Tricovich, of Italy, at the coliseum here in two straight falls, the first in 16 minutes and 28 seconds, and the second in 5 minutes and 28 seconds. Gotch won the first fall with a clutch and bar-arm hold. Gotch got his famous toe hold on the foreigner four or five times, but Tricovich resisted it successfully. In the second fall Gotch pinned his antagonist to the mat with the cross-leg, hammer and wristlock hold.

JUDGE NUNN WILL NOT BE OPPOSED

**COMMITTEES WILL GO TO
PRINCETON TOMORROW TO
NOMINATE HIM.**

Judge T. J. Nunn will be declared the nominee of the Democratic party for the appellate bench from the First appellate district tomorrow at Princeton. A meeting of the First appellate judicial district committee has been called. No other Democratic candidate has appeared, and Judge Nunn may be elected without opposition.

A number of politicians will be at the meeting tomorrow afternoon, and aside from the business, there will be a general jollification on the Democratic success in the recent election. The probable candidates for the Democratic nomination of governor will be a lively topic. Although some of the politicians from the First district are urging the name of Hou, Charles K. Wheeler, it is believed that Mr. Wheeler will refuse to run. There are plenty of Democratic candidates in the field, who are bobbing up frequently. Some of the Democratic politicians think that O. L. M. James will not run for governor, but will be a candidate for senator. The name of Congressman Iva Johnson, of Bardonia, is being pushed forward for governor.

W. F. Bradshaw, Jr., Charles W. Emory, from Paducah, and Mott Ayres, from Fulton, will leave tomorrow at noon for Princeton.

GEORGE F. FOSTER DEAD.

Built Lock at South Ste. Marie and Canal at Louisville.

Cincinnati, O., Nov. 10.—George F. Foster, aged 73 years, who was one of the best known contractors in the country, died here. He had been ill for a week with heart trouble.

He retired from active business in 1893. During his life he had put through a number of big projects, notable among them being the great lock at South Ste. Marie, the canal at Louisville, Ky., and some public works at Columbus, O., and Atlanta, Ga.

Arthur Dotson.

Hickman, Ky., Nov. 10.—Arthur Dotson died yesterday morning at the home of Will Barnes, Sr., in West Hickman, after a three weeks' illness of typhoid fever. He had been residing here for two years, and was well known in that part of the town. He had been married only a few months. He was 24 years of age.

PRESIDENT TAFT IS GUEST OF RICHMOND

Richmond, Va., Nov. 10.—President Taft arrived here early this morning, and took breakfast with Governor Swanson and a party of invited guests at the governor's mansion. He will stay until 5 this afternoon, when he will leave for Washington. After breakfast he visited the capitol, where in the house chamber members of the Virginia Press association were addressed informally. This afternoon he reviewed a street parade from a stand erected at Lee monument and then went to the city auditorium where he made an address.

The principle feature of his visit here was his speech to newspaper men and women. He related the incident at Battle Mountain, when he was taken 1,200 feet underground in a copper mine. "It was the first time in my career I had the press just where I wanted it, but I soon discovered, and here's a moral to the story, that I couldn't get to the top without taking them with me. I began my career as a newspaper reporter in Cincinnati, a law reporter at six dollars a week."

METHODISTS ARE CALLED TO ORDER AT GREENFIELD

**Memphis Conference Begins
Seventieth Annual Ses-
sion Today.**

**Bishop Hendrix Presides;
Meaders Secretary.**

PREACHING THIS AFTERNOON

Greenfield, Tenn., Nov. 10. (Special.)—The seventieth session of the Memphis conference of the Methodist church, south, convened this morning in the Methodist church here, the Rt. Rev. Bishop Hendrix presiding. On roll call 121 ministers and 11 laymen answered.

The Rev. A. J. Meaders was elected secretary and chose as his assistant the Rev. W. J. McCoy, the Rev. H. C. Johnson, the Rev. L. H. Howell, the Rev. P. B. Jefferson and W. P. Prichard.

The presiding elders named the standing committees and they were elected. The Bishop called up question 20, "Are all the pastors blameless in their life and official administration?" The superannuates and undergraduates were called.

The conference adjourned at noon and this afternoon is listening to a sermon. One of the anniversaries will be observed tonight.

All the Methodist ministers left last night for Greenfield, Tenn., to attend the Memphis conference, which opens today. It is believed that all of them will be returned, excepting Presiding Elder J. T. Blackard, who probably will be assigned to one of the big Memphis churches. The ministers of this district will present a handsome gold watch to Dr. Blackard at the conference. Dr. Sullivan will make the presentation speech on Thursday. It is probable that the Rev. G. W. Banks will succeed Dr. Blackard as presiding elder, and a new minister, possibly the Rev. W. A. Adams, of Mayfield, will be assigned to Fountain Avenue. Mr. Adams may be made presiding elder, and Mr. Banks reassigned to Fountain Avenue.

W. J. Naylor, pastor of Paducah circuit, carried an excellent report to the conference from his charges. He probably will be returned if his people have their way.

A. H. CARDIN HURT BUT WILL RECOVER

New Albany, Ind., Nov. 10. (Special.)—A. H. Cardin, a former Cretenden tobacco grower, who was run out by night riders, was seriously injured by a fall in Louisville. He is expected to recover. His warehouse at View was burned and he lived the riders in the federal court at Paducah.

PETER DUNNE, OF PRISCO, WILL SUCCEED LOVETT.

San Francisco, Cal., Nov. 10.—Peter P. Dunne, a prominent attorney, left today for New York, where he will take up the time left by Judge Robert S. Lovett, when the latter resigns the attorneyship of the Harriman lines to succeed Harriman in the management of the Southern and Union Pacific railroads. Dunne's special mission in New York as chief counsel will be to conduct the railroad's side of the famous merger case, which was worked out and carried on by Lovett before his promotion.

DUKE JOHANN ENGAGED.

Saxon Noble of 52 to Wed Princess Elizabeth.

Wernigerode, Prussian-Saxony, Nov. 10.—The engagement of Duke Johann Albrecht of Mecklenburg-Schwerin, regent of Brunswick, to Princess Elizabeth of Stolberg-Russa was announced for December 15.

Duke Johann, who is 52 years of age, was elected to the regency of Brunswick in May, 1907, by the diet of the grand duchy, following a long-drawn controversy over the duke of Cumberland's claim to the throne. His first wife, who was Princess Elizabeth of Saxe-Weimar-Eisenach, died sixteen months ago. The bride-to-be is in her 25th year.

Two New Bank Buildings and Novel Apartment House to be Erected in Paducah During the Coming Year

**First and City Nationals Will
Have New Homes; Latter
Skyscraper—Swell Suites
Proposed.**

Paducah is striking her gait in a building boom that has kept the real estate market excited for several months. The first real news came in the announcement that the Falls City Construction company of Louisville, had entered into contract for the erection of a ten-story building for the City National bank at Fourth street and Broadway to be commenced in January.

The First National is ready to erect a \$40,000 stone exclusively bank building at Third street and Broadway. Plans are accepted and the bank is only awaiting the recovery from a recent illness of Architect A. L. Laster, who is at Asheville, N. C., and is expected to return to his work in January.

Local parties have also closed a deal for land where a big apartment house and family hotel will be erected. This will include two-room suites with bath and may have a swell restaurant in the basement.

The Skyscraper.
The City National building will be ten stories high with the bank on the corner and a store room, to be occupied by McPherson's drug store, on the east side. It will be equipped with three elevators, between the two rooms. The building was proposed by W. P. Hummel and George F. McCandless, who are also promoters of the U. S. Realty company. The Falls City Construction company of Louisville, represented by W. N. Cox, its president, will erect the building. Work is to commence January 15. The cost is estimated at \$200,000.

The upper floors will be devoted to suites of offices with all modern conveniences of arrangement and equipment. There will be 199 rooms of Bedford dressed stone and the remainder of mottled grey pressed brick with terra cotta ornamentations.

The site is occupied by W. B. McPherson's drug store, Pollock's jewelry store, Louis Caporal's fruit store and Miss Zula Cobb's millinery store. Actual work is scheduled to begin January 15. The cost is estimated at \$200,000.

About six years ago it was intended to build a large office building on the site, but owing to the fact that the present buildings had been leased to January 1, 1910, it was found impossible to erect the skyscraper. The site is advantageous for a large office building.

MR. NORVIN ALLEN IS IN THE CITY ONE MORE

For his first visit to Paducah in two years, Mr. Norvin Allen arrived in the city this morning from Birmingham. Mr. Allen has been with a government corps of engineers engaged in making a survey of the Tennessee river from the source to the mouth. He has been on the work since July. Mr. Allen will return to the University of Tennessee in a short time and resume his studies in the engineering school. In the party are 17 college students, who made the survey to get the experience. Mr. Allen attended the High school in Paducah, but several years ago with his parents removed to Knoxville, Tenn.

Cairo Mob Attempts To Lynch Prisoner

Cairo, Ill., Nov. 10.—A mob formed today and started towards the jail to lynch Will James, a negro coal driver arrested in connection with the murder of Anna Pelley, who was found dead and assaulted in an alley. A stranger offered to lead the mob and shouted, "Come on, boys." Less than a block from the jail the mob was met by the chief of police, who snatched the mask from the man's face. He talked earnestly to the men in the crowd, saying the evidence against James is purely circumstantial. The crowd then melted away.

WEALTHY BREWER SUE BY BUTTERFLE MAGNATE.

Chicago, Nov. 10.—Charging alienation of his wife's affections, Ferdinand J. Jelke, president of the George Brann Distilling Manufacturing company, today filed suit for \$100,000 damage against his father-in-law, Philip Bartholomay, of Buffalo, a wealthy brewer, and his wife, Rose Bartholomay. The suit grew from the action for divorce instituted by Mrs. Jelke yesterday, in which she alleges cruelty. He denies the cruelty charges, declaring her parents had conspired to alienate her affections, and that the divorce suit was the result of their interference.

Miss Jessie Cloys, of St. Louis, arrived yesterday for a visit to her mother.

GOTCH THROWS.

Chicago, Nov. 10.—Frank Gotch, champion wrestler, is named as defendant in a \$25,000 breach of promise suit, filed in the circuit court in behalf of Miss Sadie Currie, "Dearest," "Loveliest Love," and "Dearest Darling" are some of the pet names he is alleged to have lavished on the young woman, who is seeking money balm for her wounded affections. Gotch says he never heard of her.

SEVENTH DIST. IS MUCH STIRRED UP

**IT IS POSSIBLE THAT CERTI-
FICATE WILL BE AWARDED
OEHLSCHLAGER.**

No new developments appeared today in the situation where clerical errors have made changes in the race for alderman and for magistrate in the Seventh district. The Republicans will contest the elections, and it is conceded that both offices will be given to the Republicans. It is understood that the Democratic politicians are willing for the election board to grant the certificate of election to George Oehlschlaeger, the Republican candidate for alderman, and avoid entering the courts. However, the idea of issuing the certificate to J. B. Walton for magistrate from the Seventh district is not accepted kindly by the Democratic politicians. The majority admit there is an error, but regret to see the Republicans gain control of the fiscal court.

The election of the magistrate from the Seventh district has divided the people of that district into two factions. Many Democrats have declared that if Walton is counted out they will never vote the Democratic ticket again. Forty-seven Democrats voted the Democratic ticket and searched for Walton only, and they are sore over the alteration of the returns in the stub book.

DAYLIGHT SALOONS STAND.

Nebraska Supreme Court Upholds Validity of Law.

Lincoln, Neb., Nov. 10.—The supreme court of Nebraska upheld the validity of the daylight saloon bill passed by the last legislature, which forbids the sale or gift of liquor between the hours of 8 p. m. and 7 a. m. The opinion was written by Judge W. B. Rose.

RICE PIERCE MAY RUN.

Has an Ambition to Return to Congress.

Union City, Tenn., Nov. 10.—It is rumored here by his many friends that the Hon. Rice A. Pierce, who for sixteen years represented the Ninth congressional district in the national body, will be a candidate to succeed Hon. Philis J. Garrett. Mr. Pierce is being urged by his friends to make the race, and it is expected that he will be a candidate.

ROBERTS OVERLOOKED THIS FELLOW'S SHIRT.

Claiming that he had been robbed of \$2.60 and his clothing in the south yards of the Illinois Central railroad, Elmer Harley, scantily clad, called at police headquarters last night, although his story was discredited by the police. He is said to have been begging near Sixteenth and Tennessee streets and only clad in a shirt. He secured a pair of trousers and at police headquarters was given a pair of old shoes. His home is said to be in Mound City.

Prominent Colored Man Dies.

Robert Overstreet, colored, who resided on the Blainville road, four and a half miles from Paducah, died yesterday afternoon of pneumonia. He was one of the most prominent and highly respected colored men in the county. For years he had a stall on the market, and owned considerable property. He left two children, one the wife of Harry Anderson and the other the wife of L. Z. Brown, who lives in Arcadia. The funeral will be held tomorrow afternoon at 2 o'clock, and burial will be at Pleasant Grove cemetery.

CHAIN OF PRODUCE EXCHANGE HOUSES IS ESTABLISHED

**Farmers' Union of Kentucky
Will Have Them in Twenty-
two Counties.**

**Louisville is Central Dis-
tributing Point.**

ANOTHER TOBACCO SALESMAN.

A chain of produce exchange houses will be established in 22 counties throughout Kentucky by the Farmers' union, Louisville being chosen as the location for a central distributing house. This was the decision of the state executive board, which concluded its meeting in Paducah yesterday afternoon at the Three Links building.

The counties in which exchanges will be established lie chiefly in the western portion of Kentucky, two being in the east end. This is a big undertaking of the union and arrangements will be made at once for the opening of all houses. They will be established only in counties that are able to supply enough produce for the markets. At Paducah a station has just been opened at Second street and Kentucky avenue, in charge of A. Switzer, of this city. A big business here is predicted.

In charge of the establishment of the houses the board has selected William Chesterfield, of McCracken county, and he will be busily engaged for several months. The houses will be running in a short time, as the union will rush the organization.

Secretary R. L. Barnett told a reporter for The Evening Sun this morning that each county will be closely associated with the others and when there is a drought or shortage in one section the exchanges at other points will supply that house. The Louisville station will receive its products from that immediate vicinity and will be able to take care of itself, unless there is an unexpected shortage there. In that case the other exchanges, or sub-stations, will supply the central station. At the stations will be received all kinds of produce, hay, oats, etc., provided by the farmers belonging to the union. A flourishing business is anticipated.

Tobacco Situation.

Mr. Lee Boyd, of Boaz, Graves county, was elected assistant to State Tobacco Sales Agent John Grady, of Gilbertsville, at the meeting. Heretofore Mr. Grady has been the only agent, but the growing business has compelled the union to add another man. The work of the tobacco agents is clearly outlined. Prices will be gathered by the agents of each county from the union growers and submitted to the two state sales agents, the county agents officiating in conjunction with them. The board has not yet established a central tobacco warehouse for the state, but if the loose leaf sales grow this year as the union anticipates one will be established. Paducah is now conceded to be the central selling point for the union, although the central house is yet to be located.

A meeting of the county sales agents with the two state sales agents will be held in Paducah at the office of Secretary Barnett, December 22, and many important matters will be discussed. At the meeting of the board other vital matters were discussed, but the board is not ready to make any further announcement. All the members returned to their homes last night with the exception of Mr. O. F. Hughes, of Letchfield, Grayson county. He returned this morning.

WOMAN'S NIGHTMARE

No woman can be happy without children; it is her nature to love them as much so as it is the beautiful and pure. The ordeal through which the expectant mother must pass is so full of dread that the thought fills her with apprehension. There is no necessity for the reproduction of life to be either very painful or dangerous. The use of **MOTHER'S FRIEND** prepares the system for the coming event, and it is passed without any danger. This remedy is applied externally, and has carried thousands of women through the crisis with but little suffering.

The chancel of the Broadway Methodist church was a mass of palms and ferns and flowers yesterday afternoon when the funeral services over the body of Alfred Ernest Tonks, the Illinois Central conductor, of 1661 Broadway, was held. A huge broken wheel of flowers with a dove was the tribute of his fellow railroad men, and the Masonic bodies also presented many floral tokens. Mr. Tonks was a member of nearly all the Masonic bodies, including the Shriners and an ex-officer of the Knights Templar attended the body to the cemetery.

PERCENTAGE OF EXPORTS HOLDS

GENERAL FALLING OFF DURING YEAR 1928.

Due to No Lack of Popularity of American Goods in Foreign Markets.

THE BUREAU OF STATISTICS.

Washington, Nov. 10. (Special.)—The falling off in exports from the United States in 1928 when compared with the immediately preceding year seems to have been a mere incident of general trade conditions in the commercial world rather than the result of any lack in popularity of American goods in foreign markets. Figures just compiled by the bureau of statistics of the department of commerce and labor show that the United States contributed in 1928, in fact, a larger percentage of the imports of the principal foreign countries of the world than in the earlier years when our export trade was at its maximum. The exports from the United States in the calendar year 1928, as is well known, fell 170 million dollars below those of 1927 and 46 million below those of 1926. Much interest has been felt as to the real cause of this large falling off in exports.

The bureau of statistics has, in the attempt to determine the cause of this decline in exports in 1928, made a careful analysis of the imports of the principal countries to which our exports are sent, with the purpose of determining whether the reduction in purchases of products of the United States was due to larger purchases from other sources by those countries, respectively, or whether the reduced value of their respective imports from us was merely a part of a general reduction in their imports. This analysis is based in such case upon official figures of the respective countries in question.

The result of this study shows that merchandise from the United States formed in 1928 a larger percentage of the total imports of the principal countries of the world than in 1927 or, in most cases, in 1926, and that the decline in our exports in those years was thus, apparently, due to a general reduction in imports by other countries rather than any unpopularity of, or discrimination against, our own products. For example, the share which merchandise from the United States formed of the imports into France in 1928 was 11.7 per cent, against 10.8 per cent in 1927, 10.4 per cent in 1926, and 9.7 per cent in 1925 and 1924, respectively. In the case of Germany, merchandise from the United States formed in 1928 16.7 per cent of the total imports, against 15.1 per cent in 1927, 15.4 per cent in 1926 and 14 per cent in 1925. In the case of the United Kingdom, merchandise from the United States formed in 1928 29.9 per cent of the total imports, against 29.7 per cent in 1927, in the case of Russia, merchandise from the United States formed 10 per cent of the total imports in 1928, against 7.6 per cent in 1927 and 5.9 per cent in 1926. In the case of Italy, merchandise from the United States formed 13.9 per cent of the total imports in 1928, against 13.6 per cent in 1927, 12.1 per cent in 1926, and formed 10.3 per cent of the total imports in 1925, against 8.7 per cent in 1927 and 1926, respectively, and 7.9 per cent in 1925. In the case of Canada, merchandise from the United States formed in 1928 60.4 per cent of the total imports, against 58.2 per cent in 1927, in the case of Mexico, merchandise from the United States formed 57.9 per cent of the total imports in 1928, against 52.9 per cent in 1927, in the case of Cuba, merchandise from the United States formed 50.8 per cent of the total imports in 1928, against 47.9 per cent in 1927, in the case of Japan, merchandise from the United States formed 17.8 per cent of the total imports in 1928, against 16.3 per cent in 1927, in the case of China, merchandise from the United States formed in 1928 10.1 per cent of the total imports, against 8.6 per cent in 1927, 10.4 per cent in 1926, 16.7 per cent in 1925, 8.2 per cent in 1924, 7.7 per cent in 1923, 9.2 per cent in 1922, 8.5 per cent in 1921 and 7.5 per cent in 1920, the percentage of the imports of China drawn from the United States has been in 1928 greater than in any earlier years except in 1925 and 1926 when importations of cotton goods from the United States were abnormally large owing to an over-estimate of the consuming power of the cotton markets of North China, the section in which American cottons are especially popular.

At the Kentucky November 11.

"The Girl From U. S. A."

A brand new attraction, of a type all its own, is making a strong appeal to playgoers this season under the catchy title, "The Girl From U. S. A." It is a musical comedy drama of melodramatic tinge in which a vivacious American girl figures prominently in scenes laid in Paris, Constantinople and China. The new piece, which comes highly commended by the press of other cities, will be seen at the Kentucky Monday, November 15.

David Warfield.
"The comedy of smiles and tears."

"The Music Master," has been called, and David Warfield, "the comedian of pathos." There are many tears in "The Music Master," but while David Warfield is wringing them from your heart, he is planting a laugh in your cardiac regions at the same time, and from this source the tears and smiles run to the surface, and find expression almost at the same time. David Warfield is now presenting Mr. Warfield in "The Music Master" on tour. The famous star is scheduled for a performance in this city on Thursday evening, November 18.

Henrietta Crossman.
Henrietta Crossman, America's leading comedienne, will play an engagement at the Kentucky Tuesday, November 16, presenting here, for the first time her recent New York and Chicago triumph, "Sham." This modern comedy by Geraldine Bonner and Elmer Harris provides Miss Crossman with the most successful vehicle in which she has appeared since her notable "Mistress Bell," and for upwards of four months New York packed Wallack's theater, while this comedy held the boards, and the same was the case in Chicago.

A REWARD OFFERED.

Every electric railway in the United States knows the menace of "fake" accident claims and fraudulent suits. And no honest citizen exists who would not give assistance to prevent any such corrupt cause coming before our courts in the disguise of woe.

Sometimes the sad-faced rascal who is bringing suit was near an accident but did not receive a scratch; sometimes it is an innocent looking criminal who was not even near an accident; sometimes it is a person who was actually hurt but who was to blame himself or herself—and knows it.

Most of these suits arise when some penny-catching lawyer gets hold of a so-called "victim" as dishonest as himself and wants to "share the profits" of suing the Company.

How are such suits maintained?

By perjury.

By witnesses who do not tell the truth.

For evidence upon which a conviction, for perjury, of any witness against this Company in an accident damage suit is obtained, this Company will pay \$500.00 at any time during twelve months from date of this offer!

It's a Matter of Honest Pride to Own a Good Watch

There is a most comfortable feeling in knowing that the watch you carry is one you can rely on absolutely for correct time; one that you can display in the presence of any one with a feeling of satisfaction.

That's the sensation you have all the time when you own an Elgin or a South Bend watch. They are genuine, perfectly made, absolutely reliable watches, guaranteed by both the factory and myself. Adjusted to keep accurate time in your pocket.

Ladies will find here small model watches that are unequalled for beauty and as timekeepers. Why not come in today and look over my watches?

TEACHERS

WILL HOLD REGULAR MONTHLY MEETING FRIDAY.

Mr. D. E. Wilson Will Speak to Them On "School Work That Is Not Forgotten."

Friday afternoon the regular monthly meeting of the teachers will be held at the High school. In order to lose interest in the meetings, Superintendent J. A. Carney has arranged to have some persons, who are familiar with educational work, address the teachers. Mr. D. E. Wilson will speak to the teachers Friday afternoon and will talk on "School Work That Is Not Forgotten." The address will be interesting and beneficial to the teachers. Also the plan of having teachers in charge of the meeting will be adopted. Prof. W. H. Suggs, Miss Emma Morgan and Prof. Herman L. Donovan will direct the study of school work at the next meeting. At the December meeting the Rev. David C. Wright will address the teachers.

Won't Slight a Good Friend.

"If ever I need a cough medicine again I know what to get," declares Mrs. A. L. Alley, of Heales, Mo., "for, after having used ten bottles of Dr. King's New Discovery, and seeing its excellent results in my own family and others, I am convinced it is the best medicine made for Coughs, Colds and lung trouble." Every one who tries it feels just that way. Relief is felt at once and its quick cure surprises you. For Bronchitis, Asthma, Hemorrhage, Croup, LaGrippe, Sore Throat, pain in the chest or lungs it's supreme. Size and \$1.00. Trial bottle free. Guaranteed by all druggists.

Mrs. Roy McKinney is visiting friends in Paducah.

WHAT IS HYOMEL?

You Have Heard About the Catarrh Cure W. J. Gilbert Guarantees.

Hyomel is a wonderful antiseptic, so powerful that it promptly destroys germ life, yet its action on the mucous membrane is extremely soothing and healing. It relieves catarrh in five minutes; it cures in a few weeks or money back.

It is made chiefly of eucalyptus and eucalyptol taken from the eucalyptus forests of inland Australia. The medical profession knows that eucalyptus is an absolutely certain germ destroyer and with the active principles of eucalyptus as a base Hyomel is made more efficient, pleasant and quick acting by the addition of Thymol, an antiseptic and disinfectant largely employed in the Listerian System. Glycerol and other important medicinal agents are also included in the Hyomel formula, which, without doubt, is the greatest destroyer of catarrh germs the world has ever known.

Hyomel is a powerful, penetrating antiseptic that is pleasant to use. It does not contain a particle of cocaine, opium or any habit-forming or injurious drug.

No dosing the stomach when you use Hyomel. Just breathe it in through the small inhaler that comes with each outfit. Sold by leading druggists everywhere and in Paducah by W. J. Gilbert, \$1.00 for complete outfit.

MI-ONA Cures Indigestion

It relieves stomach misery, sour stomach, belching, and cures all stomach diseases or money back. Large box of tablets 50 cents. Druggists in all towns.

CHANGES IN PLANS OF CANDIDATES

BEFORE LEGISLATURE AS RESULT OF THE ELECTION.

Jim Stone, as usual, will have Practically Clear Field for Clerk of the House.

RACES IN OTHER POSITIONS.

Frankfort, Ky., Nov. 10.—The large majority that the Democrats will have in the house and senate may make some change in the plans of the candidates who are making the race for the offices of the house and senate. There have been a number of candidates working actively for several months for the various positions in the legislature, but none of them calculated on a majority in the house and senate that turned up after the election. It is practically conceded that William Cromwell, of this city, will not have opposition as clerk of the senate and that Jesse Alverson, of Stanford, is leader in the race for assistant clerk of the senate. His senator, Tuck Hubble, is the real hero of the last election, for he carried the district, which is normally Republican, by a good majority and will likely get whatever he asks in the way of officials. Miss Anna Nourse, a niece of Judge J. P. Holman, will be a candidate for enrolling clerk and, as she filled the position successfully last term, will be a formidable candidate. It is understood, too, that Miss Jennie McDonald, of this city, will also be a candidate, and she has many friends who will aid her in her contest. Senator Sam Peters, of Bardonia, seems to have the lead in the race for doorkeeper of the senate.

Jim Stone as Clerk.

In the house, Clerk Jim Stone, who has been clerk so long that the memory of man runneth not to the contrary, will undoubtedly be a clerk at the next session and will undoubtedly win without opposition. Mr. Stone has one qualification in which he exceeds any man who has ever been a candidate for that office. It is his splendid voice, for he can be heard as distinctly in one part of the hall as in the other. There is a woods full of candidates for the position of assistant clerk, but Marion F. Fogue will not be a candidate for that position this time. He was elected representative and will help elect the assistant clerk instead of running for that position. Miss Amy Lyons, who was the enrolling clerk of the last session, is a candidate at this time and claims to have her race won. Her father was an old Confederate soldier, who died in office here a year ago with two or three years longer to serve. She has been an active candidate for some time. The leader in the race for doorkeeper of the house is W. H. "Windy Hill" Thompson, of Spencer county, who was the picturesque member of the last session.

Other Candidates.

The candidates for sergeant-at-arms, pages, cloak-room keepers and other officials have not made their announcements or at least their announcements have not reached this city, but there will be plenty of candidates for these offices, as every youth that has political ambition desires to begin his service in Kentucky's magnificent new capital.

Senator Thomas A. Combs, of Lexington, will likely be the Democratic chairman of the senate caucus and Senator Cenn Lynn will probably retain his position as chairman of the steering committee. The candidates for speaker of the house are numerous and each week from now on until the legislature convenes there will be additional entries in the race, but George Wilson, of Sturgis; Harry Schobert, of Versailles; W. H. Shanks, of Stanford; and William Blair, of Lexington, have been in the race longer than any of the other candidates, and for this reason they have the edge on the others in the race.

Lived 152 Years.

Wm. Parr—England's oldest man—married the third time at 120, worked in the fields till 132 and lived 20 years longer. People should be youthful at 80. James Wright, of Spurlock, Ky., shows how to remain young. "I feel just like a 16-year-old boy," he writes, "after taking six bottles of Electric Bitters. For thirty years kidney trouble made life a burden, but the first bottle of this wonderful medicine convinced me I had found the greatest cure on earth. They're a godsend to weak, sickly, rundown or old people. Try them. 50c at all druggists."

Notice to Contractors.

Bids will be received on Tuesday, November 23rd, 1909, at 2:30 p. m., by the Board of Public Works at their office in the city hall, for the following construction work:

Concrete sidewalks and gutters and granite curbing, on Fountain avenue from Monroe street to Trimble street; and on Twelfth street from Kentucky avenue to Trimble street; and on Clay street from Eighth street to Fountain avenue,—all in accordance with the plans and specifications on file in the City Engineer's office, under the ordinance authorizing same.

COMMERCIAL CLUB IS ENTHUSIASTIC

ALL BUT TEN MEMBERS PRESENT LAST NIGHT.

State Senator-Elect W. V. Eaton Testifies to His Desire to Help Community.

CHANGE MONDAY LUNCHEON

Forty of the fifty-one members of the Commercial club answered the roll at the regular monthly meeting of the club at the Palmer House last night. It was a busy, interesting meeting, and the greatest degree of enthusiasm was displayed all through the session.

Secretary Fowler had a number of propositions to lay before the club for action and they were turned over to the proper committees. Mr. Fowler reported that the government engineers have made the necessary surveys and recommendations to congress for the improvement at Livingston point to prevent the Ohio cutting into the Tennessee river and destroying Paducah's winter harbor, and that he has no doubt of the work being done this season.

The club, at the request of J. L. Wolf, president of the Retail Merchants' association, took up the proposed change in the time of the Paducah and Cairo train that leaves here at 6:15 p. m. to 8 o'clock, and after discussion by Messrs. Charles Weller, Jake Wallerstein, Roy Cullley and J. A. Rudy, Mr. J. T. Donovan was called upon for information on the proposition.

He assured the club that the Illinois Central is anxious to do all that it can to bring business to the local merchants. He said that when the matter of the change was referred to him from Chicago he recommended that it be made, having in mind the better connections it would give Paducah for Chicago, and that the fact that it would affect the traders coming here did not occur to him. However, if the club requested he would gladly communicate with the general passenger agent at once any recommendations the club might make. Upon motion of Mr. Rudy, Mr. Donovan was asked to transmit the message last night, and after the meeting he did so.

The club decided to invite the new members of the councilmanic boards, the school trustees, the fiscal court, county judge and other city and county officials to a get-together meeting, to be announced for some convenient time, to discuss measures that will be of benefit to the city and county.

State Senator-elect W. V. Eaton was present and President Utterback called upon him for a few remarks. He said that he wished to co-operate with the club on any measures that will be of benefit to the city and this community at all times in his official or private capacity.

"I hope to live and die in Paducah, and I am as much interested in its welfare as any of you," he said. "I have great hopes for its future, and the earnestness of your discussions here tonight tell me that such co-operation as you gentlemen are giving will only rebound in good. And again, I want to say I desire to be of service to you in any way I can." His remarks made a favorable impression on the members.

Mr. Ed Dreyfuss and Mr. W. F. Bradshaw, Jr., made interesting suggestions to the club, and after deciding on holding its monthly luncheon on the first and third Tuesdays of each month, the club adjourned.

REAR-END

COLLISION OCCURS ON DULANEY HILL.

Fireman Injured By Jumping—Cause of Accident Is Not Determined.

A rear end collision between two freight trains of the Illinois Central on Dulaney hill near Eddyville yesterday afternoon tied up traffic for a short time. In the collision a body was injured seriously, although a caboose and three coal cars were wrecked. The cause of the wreck has not been determined.

Extra freight train pulled by engine 921, stopped on Dulaney hill, and it is claimed that a brakeman was out with a warning, but extra freight pulled by engine 907, went by the brakeman and crashed into the rear end of the first freight. Engine 907 was in charge of Engineer John Trantham, while engine 921 was in charge of Engineer Walker, of Princeton. Fireman W. V. House jumped from his engine, and in alighting sprained his right leg, but the injury is not serious. The wrecker was called out and cleared the track in a short time.

The second accident of the day happened on the Cairo division when a boiler flue burst on engine 1869 at Keok, Traffic was delayed for a short time until another engine could be secured in order to clear the track. Nobody was injured.

Hospital Board.

The regular quarterly meeting of the hospital board probably will be postponed from next Friday. Several of the members of the board will be unable to be present, and for this reason the meeting will not be held. Nothing urgent will be up before the board.

For Car.

Notices have been received that the Illinois Central pay car will arrive in Paducah November 16. The pay roll will be large as the shops are working full force.

On inspection, Mr. J. M. Taylor, general storekeeper, and Mr. C. F. Parker, general purchasing agent, of the Illinois Central railroad, were in the city this afternoon on an inspection of the Paducah department. Owing to the large amount of work on the hands of the storekeeping department of the Paducah shops it has been necessary to increase the size of the office. A partition will be removed and about 15 feet added to the length of the office.

A Tribute to Grover Cleveland.
It has come to this, that his fellow
countrymen in general, even those
that dissent from his political opin-
ions, recognize in Grover Cleveland a
man who, being mortal, was not with-
out fault and limitation, yet who
stands pre-eminent for unfeigned
purity of intention, for singular
frankness, for scrupulous and un-
flinching honesty, for faithfulness to
duty, for resolution, for courage and
above all, for absorbing, dominating
patriotism. It is not strange that al-
most the last words that were heard
to fall from his lips were these: "I
have tried so hard to do right."

HOUSE TURNED TOPSY-TURVY

Queer Doings in An Oregon House,
and "Smooches" or Electricity
Are Held to Blame.

Portland, Ore.—Influenced by an
apparently inexplicable power, the
contents of a house in this city were
for four hours turned topsy turvy
from cellar to garret. Furniture, as
well as other inanimate objects
moved as if they were things of life.

These occurrences were witnessed
for by hundreds of persons who vis-
ited the house, and were witnesses of
the phenomena. A six-foot extension
table raised itself on two legs and
fell on its side; a clock on a shelf
turned almost completely around and
stopped at 3:30 p. m.; dishes on
every surface stood on edge and
rolled to the floor; a Morris chair
fell over; a half-filled tea kettle and
coffee pot refused to remain on the
cook stove, although replaced there
repeatedly, and a basket of onions
traveled across a drainboard and
dropped to the floor, though put back
a dozen times. The phenomenon
ceased as suddenly as it began.

Various theories have been put
forth, one being that it was caused
by an electrical storm which prevail-
ed yesterday, and another that an
unknown potential was energized by

Fire On South Seventh.
Fire damaged the undertaking es-
tablishment of Charles J. Howell,
colored, 614 South Seventh street,
this morning at 2:15 o'clock. When
discovered the frame building was
burning all over, but the blaze was
extinguished after hard and quick
work by the fire ladders. The dam-
age will amount to about \$400. Fire
companies Nos. 1 and 4, and truck
company No. 4, answered the alarm.

What Bobbie Wanted to Know.
He asked so many questions that
day that he finally wore out his moth-
er's patience.

"Bobbie," she cried, "if you ask
me another question I shall put you
to bed without your supper."

Robert promptly asked another
and was packed off to bed. Later
his mother repented. After all, ask-
ing questions was the only way he
could acquire knowledge; so she tip-
toed upstairs, knelt beside Robert's
bed, and told him she was sorry.

"Now, dear," she said, "if you
want to ask one more question be-
fore you go to sleep, ask it now and
I will try to answer."

Robert thought for a moment, then
said, "Mother, how far can a cat
split?"—Success Magazine.

A Tale of Webster.
As Judge-made law is now so
much discussed, we may recall one of
the nearest answers in history, as
far, at least, as our own reading
goes:

Judge (interrupting Webster's
argument): "That is not law."
Webster: "It was law until your
Honor spoke."—Editorial in Collier's

IN SOCIAL CIRCLES

Matthew-Corlis Wedding.

The marriage of Miss Eva Lotia
Matthews, of this city, to Dr. Eugene
Edward Corlis, of Brooksville, Ky.,
was solemnized this morning at
10:30 o'clock at the home of the
bride, 422 Adams street. The Rev.
John Tucker, of Carbondale, Ill., a
cousin of the bridegroom, performed
the ceremony. There were no at-
tendants and the wedding was mark-
ed by a charming simplicity of detail.
A number of friends of the popular
bride were present for the ceremony.

The bride, who is a girl of attrac-
tive personality, looked especially
charming in a pretty going-away suit
of grey cloth with gloves and shoes
of grey. Her hat was of harmoniz-
ing shades of anemistat.

Dr. and Mrs. Corlis left over the
Illinois Central road for Brooksville,
their future home, going by way of
Channahon.

Among the out-of-town guests who
were present for the ceremony was:
Miss Edith Allen, of Fulton; Mr. and
Mrs. L. P. Stalcup, of Metropolis;
Mrs. Lu Corlis, of Metropolis; Mrs.
Hattie McCallkamp, of Metropolis;
Mrs. T. L. Wallace, of Metropolis;
Mrs. Will Corlis, of Anna, Ill.; Mrs.
John Tucker, of Carbondale, Ill.

Miss McElathery Hostess to Euchre Club.

The Euchre club was delightfully
entertained Tuesday afternoon by
Miss Lillie May McElathery, at her
home on North Seventh street. There
were three tables of the members of
the club present. The game prize, a
pair of silk hose, was won by Miss
Nell Hendrick, and the lone hand
prize, a pretty hatpin, by Miss Hazel
McClendless. A pretty course lunch-
on was attractively served during
the afternoon.

Willing Workers to Meet.

The Willing Workers society of
the German Evangelical church will
meet with Mrs. Herman Kogel, 526
Clark street, Thursday afternoon at
2:30 o'clock.

Meeting of the D. A. R. Called for Thursday.

There will be a called meeting of
Paducah chapter, Daughters of the
American Revolution Thursday morn-
ing at 10 o'clock, with Mrs. L. W.
Jensen, 423 North Fifth street. All
the chapter members are urged to be
present.

List for German Club Dance.

The list for the German to be given
by the German club at the Palmer
House the 22d will be put out at Col-
ley's Friday at noon.

Club Entertainment at Jackson.

Monday afternoon at 1 o'clock
Misses Mary Lou Roberts and Lulu
Hayley entertained the "De Koven
Club" at the home of Dr. and Mrs.
J. H. Roberts, 526 East Main street,
in a very delightful manner. Miss
Zetta Roberts welcomed them on
their arrival, greeting them in the
hall, and ushered them into the par-
lor, where they were received by
Misses Roberts and Hayley. The
house was beautifully and artistically
decorated with cut flowers, and the
artificial lights cast a soft glow over
the darkened rooms. This being
"Federation Day," the hostesses al-
ternately gave extemporaneous talks
on the Convention of the Federation
of Music Clubs, which met last spring
at Grand Rapids, Mich., and to which
they were sent as the delegate of the
De Koven club. Their talks were en-
livened and enthusiastic, and every
member gave undivided attention and
felt more than repaid for doing so.
The description given of the unique
manner in which the daily lunches
were served, was very interesting.

SOME HARD KNOCKS.
Woman Gets Rid of "Coffee Heart."

The injurious action of Coffee on
the heart of many persons is well
known by physicians to be caused by
caffeine. This is the drug found by
chemists in coffee and tea.

A woman suffered a long time
with severe heart trouble and finally
her doctor told her she must give up
coffee, as that was the principal
cause of the trouble. She writes:

"My heart was so weak it could
not do its work properly. My hus-
band would sometimes have to carry
me from the table, and it would
seem that I would never breathe

again.

"The doctor told me that coffee
was causing the weakness of my
heart. He said I must stop it, but it
seemed I could not give it up until
I was down in bed with nervous
prostration.

"For eleven weeks I lay there and
suffered. Finally husband brought
home some Postum and I quit coffee
and started new and right. Slowly
I got well. Now I do not have any
headaches, nor those spells with
weak heart. We know it is Postum
that helped me. The Dr. said the
other day, 'I never thought you
would be what you are.' I used to
weigh 92 pounds and now I weigh
158.

"Postum has done much good for me
and I would not go back to coffee
again for any money, for I believe it
would kill me if I kept at it. Postum
must be well boiled according to di-
rections on pkg., then it has a rich
flavor and with cream is fine."

Birthday Party.

Master Theo T. Moore and Master
David Moore, of 607 North Sixth
street, entertained some of their
friends last night with a birthday
dinner. The evening was pleasantly
spent with games and music and the
young hosts received many gifts from
their friends. Covers for 22 were
laid at the prettily appointed dinner.
David Moore had his eighth birthday
a few weeks ago, but waited until yes-
terday, the eleventh birthday of his
brother, for the celebration, making it
a joint affair.

Former Paducah Girl Marries in Memphis.

Miss Caroline Saffarans, of Mem-
phis, Tenn., formerly of Paducah, was
married on November 5 at her home
in Memphis to Lieutenant William J.
O'Laughlin, of the United States
army. They will make their home at
Fort Leavenworth, where Lieutenant
O'Laughlin is now stationed.

The bride is an attractive girl who
is popular in Paducah, where she has
frequently visited since going to
Memphis to reside. She is the sister
of Capt. George Saffarans, of Port
Thomas, Ky., and is a cousin of Mrs.
George C. Wallace, of Paducah. She
has visited the family of Mr. H. M.
Orme here.

Delightful Lecture Last Night.

Mr. William Morrison Patterson, of
Sewanee University, delighted a cul-
tured and representative audience
last night at the Carnegie library as-
sembly room with his lecture, "The
Heart of Shakespeare." He appeared
under the auspices of the Delphic
club and it was a pleasant social
occasion as well as a literary event.
Mr. Patterson was gracefully pre-
sented by Mrs. Alonzo R. Meyers, the
president of the Delphic club, in a
happy little tribute. Palms and ferns,
copper vases of yellow and white
chrysanthemums and yellow shaded
electrolights gave a pretty setting to
the assembly room.

Mr. Patterson knows his Shake-
speare thoroughly and makes you
know him in a delightfully intimate
and compelling way. He takes you
not only along the main-traveled
highways of familiar Shakespearean
thought and problems, but into many
luminating by-paths as well, where
it is a delight to linger and to learn
the heart of the Master-Poet-Drama-
tist-Man. Mr. Patterson never allows
the attention of his audience to flag,
for he speaks with an ease of rapidly
that has its compelling charm and—
rare achievement!—steps before you
are not all ready for him to quit,
which thing alone proclaims him to
have attained a wisdom uncommon
beyond his years.

Paducah has been signally fortu-
nate to have had Mr. Patterson in
two such lectures as "True Ideas of
Civic Art" and "The Heart of Shake-
speare" in the week. They signally
show, too, the force and veracity of
the man and the student, whose
poise and power are unusual in so
young a man.

Two American Men of Letters Dis-

cussed.
The literature department of the
Woman's club met this morning in
regular session at the club house. In
the absence of the chairman, Mrs.
Murene Burnett from the city, the
vice president, Miss Helen Lowry
presided. The program was an at-
tractive one. D. S. Weir Mitchell
was discussed in an entertaining way
by Mrs. C. E. Purcell and Mrs. Col-
man. Brander Matthews was plea-
singly presented by Mrs. W. L. Irlan-
ard.

man, of Paducah, Ky., and William
T. McDowell, of this city, was quietly
solemnized last evening at the at-
tractive home of Mr. and Mrs. S. W.
Bald, at 1109 Grant street. Rev. Al-
tken, pastor of the First M. E. church,
performed the ceremony, using the
pretty ring service. The bride wore
a lovely gown of white and carried a
bouquet of bride's roses. Following
the ceremony an elegant dinner was
served in the dining room. The table
was beautifully adorned in early
winter flowers and ferns. Covers
were laid for ten. The pretty young
bride is quite talented and is the
daughter of Mrs. M. Goodman, and
is closely connected with some of the
first families of Paducah, Ky. The
groom, although a southerner by
birth, formerly residing at Paducah,
Ky., has been a resident of Danville
for some time. He holds the position
as carpet manager at the Hub fur-
niture store in Jackson street. He is
highly esteemed by all his associates
and is a young man of fine integrity
and excellent business qualifications.
They will reside for a few weeks at

Anty Drudge Goes to the Theatre Even on Monday Nights.

Anty Drudge—"Won't you go to the theatre with me to-night, Mrs. Hardwork?"

Mrs. Hardwork—"No, thank you. I never go anywhere on Monday night. I'm always tired out with washing all day."

Anty Drudge—"Why don't you use Fels-Naptha soap as Mrs. Nuway does? Then you wouldn't be tired and your wash would be drying on the line before noon."

You wrong Fels-Naptha, and do an injustice to yourself, if you use Fels-Naptha as an ordinary soap with hot water. It is deadly to dirt, and grease, and germs in cold or lukewarm water. You don't

know what snow-white clothes are till you see them washed with Fels-Naptha. Lots of other ways Fels-Naptha will save you work and time. Directions for all its uses on the red and green wrapper.

HIDEOUS MURDER FOLLOWS ASSAULT

CAIRO YOUNG WOMAN FOUND DEAD IN ALLEY.

Bloodhounds Trail the Murderers to House and Then to City Jail.

SEVERAL ARRESTS ARE MADE

Cairo, Ill., Nov. 10.—Never before in the history of Cairo were the people so much aroused about a crime committed in their midst as they were yesterday over the finding of the body of Miss Anna Pelly in an alley near Twenty-sixth and Elm streets yesterday morning. The body was first found by a little 3-year-old child of Mr. and Mrs. William Boren, who reside on Twenty-fifth street. The child was going to its grandfather's house and started to go through the alley, but returned saying that there was something in the alley of which it was afraid. An older child was sent with the little one and both returned saying, "Papa, there's some one dead out there. Mr. Boren went out to investigate and says the sight that met him made his blood stand still."

The body lay at one side of the alley, about 100 feet from Elm street and it was in a horrible state; the face blackened and drawn in lines of agony, a gag in the mouth, blood running from the mouth, throat bearing the imprints of cruel fingers, clothing torn to shreds exposing the body, eyes set in death, hands clenched, the soft ground round about showing deep marks of the fearful struggle the poor girl must have made for honor, which was dearer to her than life.

This was about 9 o'clock in the morning after dozens of people must have passed the alley on Elm street and on Sycamore street, but none had noticed the body, which must have lain there all night.

Mail Carrier Carraher, who came upon the scene shortly after the discovery, notified the police department. Up to this time no one had positively identified the body. The young lady was well known in the neighborhood, but her features were so distorted and blackened that it was not until her sister came upon the scene that she was positively identified.

Chief Bran and several officers hurried to the spot and Coroner McManus was notified. The latter was at the hospital engaged on an operation and ordered the body to be carefully removed to Mrs. Felt's undertaking establishment, at Tenth street and Washington avenue.

The chief made a careful examination of the spot where the body lay, but no clue was found to the perpetrator. The young woman was known to have an alligator hand bag and a bundle of red dress goods, both of which were missing. A book of street car tickets, with one ticket in it, was found on the ground near the body. The young woman's umbrella was found near her also, but the handle was missing and the steel rod at the end was bent, showing that the handle had been violently torn off. The handle was found later in the yard of Mr. Julian Lippe, at 421 Twenty-sixth street, several doors from the home of the murdered woman, the home of her sister, Mrs. John Coffman, 420 Twenty-sixth street.

Bloodhounds at Work.

In the absence of any clue to the murderer, the chief, by direction of Mayor Parsons, ordered bloodhounds from Wickliffe, Ky., Charleston, Mo., and Harrisburg, Ill. Mr. Wiley, of Wickliffe, was the first to respond, arriving about 1 p. m. Mr. Wiley took the piece of cloth from the mouth of the victim to give the dogs the scent. The animals were taken to the scene of the crime in a buggy and on arrival there were led to the spot by chains held by their owner. A great crowd of people were gathered at either end of the alley and on the sheds and fences on either side. The ground had been trampled over all morning. But on reaching the place where the body had been the animals took the scent readily and ran barking and yelping eastward to Sycamore street and then eastward on Twenty-sixth to the house at the corner of Poplar street, No. 2515 Poplar, a tenement house occupied by several negro families. The dogs went upon the porch and to the rear door and barked, giving every indication that the scent led them into the house by that entrance.

The dogs were taken back to the starting point and again went over the same trail, stepping again at the same door; and a third and fourth time they went over the same ground.

About 3 p. m. Sheriff Culp, of Charleston, Mo., arrived with his dogs and these were put on the trail with those of Mr. Wiley and all the dogs made the same trip as at first. They were then started eastward on Twenty-sixth street toward Commercial avenue, but lost the trail, showing that the trail stopped at the house named.

With a view to trailing Miss Pelly's steps after she left the street car to walk to her home the dogs were started along Elm street, but found no scent.

The Harrisburg dogs arrived last night, but so great was the crowd of

A WOMAN'S BACK.

The Aches and Pains Will Disappear If the Advice of This Paducah Citizen is Followed.

A woman's back has many aches and pains.

Most times 'tis the kidney's fault. Backache is really kidney ache; That's why Doan's Kidney Pills cure it.

Many Paducah women know this. Read what one has to say about it. Mrs. Silas Jones, 1148 North Thirtieth street, Paducah, Ky., says: "I suffered severely from a lame and aching back and at times I was hardly able to get around. Another source of annoyance was the frequent dizzy spells which came in the morning. I had always known of Doan's Kidney Pills and finally decided to try them. I procured a supply. They quickly worked wonders, improving my condition in every way. I cannot say too much in praise of Doan's Kidney Pills as I know they are an excellent medicine for kidney complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

people gathered for blocks about the scene of the tragedy that Chief Egan decided not to try them till some time after midnight.

Several Arrests Made.

The house at which the dogs stopped was locked at the time the dogs reached it, the occupants being away. But when the dogs reached the door the third time a negro woman living across the street brought Chief Egan a key and he entered. The dogs and officers went through the house, flapping all the rooms open but one. This was broken open by order of the chief and it too was thoroughly searched. The dogs gave no sure sign that the scent prevailed in the house and no suspicious articles were found excepting a man's coat, which was muddy, and was taken possession of. This was in the room which had been locked, which was the home of a negro, of bad reputation, named Lovie Green. This woman was found by Officers Magner and Haggerty in a shed on the same premises in the act of washing a piece of white cloth. She was arrested and the piece of cloth she was washing, being similar to that found in the mouth of the dead girl, was taken possession of by Chief Egan. Her lover, William James, alias "Frog," was next arrested and both taken to the city jail. The cloth is such as is used in making flour sacks, a thin gauzy stuff somewhat heavier than good cheesecloth. The woman and man were confined in separate cells and later were subjected separately to the "sweat box" process in the presence of the chief, state's attorney and coroner. Their stories did not agree. The man is a driver for the Cairo Ice and Coal company and was arrested while on his wagon. In reply to questions asked him he said he was at the house shortly after 6 o'clock Monday evening and was with the woman. The latter said she was not at the house at all, from 4 o'clock in the afternoon till about 9 o'clock at night and James came to her room shortly after 9 o'clock that night.

Sheriff Davis arrested Arthur Alexander and Ed Thomas, two negroes who occupy part of the house indicated by the dogs. One of these works for the Seander-Gale-Wearner company and the other for P. T. Langdon. They are rounders to some extent, the former bearing a bad reputation. Both made plausible statements as to their whereabouts on Monday night and there is no evidence against them to speak of.

The bloodhounds owned by William Kenger, of Harrisburg, Ill., came down last night and were set on the trail shortly after midnight, at the spot where the body was found. They went over practically

the same ground as the other dogs three times and then lost the trail. The fourth time they followed it out Twenty-sixth street to Commercial avenue, where Officer Casey had arrested the negro coal driver, William James, in the afternoon. They took up the trail there and followed it down Commercial avenue to the city jail and directly to the cell in which James was confined. When Officer Casey arrested the negro the latter's clothing was wet and it transpired that the Green woman washed his underclothing, which was bloody. The fourth and successful trail was made shortly after 2 o'clock in the morning.

The Coroner's Inquiry.

Coroner McManus devoted nearly all of yesterday to an inquiry regarding the case, trying to find witnesses who might be able to throw some light on the movements of the girl after she left the street car where she was employed, to go home. He had a number of street car men summoned and questioned scores of men and women closely, especially friends and intimate associates of the girl.

As to the condition of the body the doctor said there was no question that the poor victim had been criminally assaulted and that she was a virgin. The throat bore the marks of fingers tightly pressed upon it, and one of the nails leaving a red mark in the flesh on one side. The gag had been thrust into the mouth with such cruel force that the tongue was lacerated and it extended deep into the throat. It was so tightly wedged in that considerable force had to be used to withdraw it between the set teeth when it was desired to use it for the bloodhounds. There was a contusion over one eye, and the right jaw bore unmistakable proof of having received a powerful blow, for it was swollen as was also the side of the neck, but the jaw bone was not broken.

The coroner learned from Miss Dolan, who was the dead girl's chum, that the two girls were in the habit of leaving their places of employment together and walking up Commercial avenue to Fourteenth street, where Miss Dolan lives with her uncle, Martin Kane, a shoe repairer. There they always parted, Miss Pelly going west on Fourteenth street to Washington avenue to take a Holbrook avenue car for home. Usually Miss Kane, a niece of Miss Dolan, accompanied Miss Pelly to Washington avenue, but on Monday evening the latter went alone.

The dead girl was well known to several street car conductors, as she rode daily on their cars. Conductor Dainsworth, of the Holbrook avenue car, was on duty Monday evening and remembered receiving Miss Pelly on his car Monday evening, the car reaching Fourteenth street and Washington avenue at 6:19 o'clock. The conductor says Miss Pelly nearly always left his car at Twenty-eighth and Sycamore streets, walking down Sycamore to Twenty-sixth street, where she lived, but on Monday night she left the car at Twenty-eighth and Elm streets, one block west of Sycamore. Although the car was crowded, it being the busy part of the day for the cars, he remembers this circumstance distinctly, because the car stopped at Twenty-eighth and Sycamore also and two ladies got off, neither of whom was Miss Pelly. The car reached Twenty-eighth and Elm streets about 6:30 o'clock.

From this and other statements received by him, Mr. McManus concludes that the dead girl walked down Elm street and turned east on that street toward her home; that she was met by the murderer when near her home and accosted by him; that she struck him over the head with her umbrella, striking so hard that the steel rod was bent and the wooden handle flew over the low fence into the yard where it was found in feet from the sidewalk; that the second blow fell her to the ground with a terrific blow on the side of the face, gashed her and carried or dragged her to where the body was found, where after accom-

Have You Tried?

Lydia E. Pinkham's Vegetable Compound? We can furnish positive proof that it has made many remarkable cures after all other means had failed.

Women who are suffering with some form of female illness should consider this.

As such evidence read these two unsolicited testimonial letters. We guarantee they are genuine and honest statements of facts.

Gardiner, Maine.—"I was a great sufferer from a female disease and weakness. The doctor said I would have to go to the hospital for my operation but I could not bear to think of it. Lydia E. Pinkham's Vegetable Compound completely cured me in three months."—Mrs. S. A. Williams, R.F.D. No. 14, Box 39, Gardiner, Me.

So. West Harbor, Me.—"I suffered for years with painful periods, backache, headaches, nervousness, irregularities and inflammation. I consulted two physicians and one advised me to have an operation."

"I was completely discouraged when I decided to try Lydia E. Pinkham's Vegetable Compound, and it has made me a well woman. I advise all suffering women to take Lydia E. Pinkham's Vegetable Compound."—Mrs. Lillian Robbins, South West Harbor, Me.

Evidence like the above is abundant showing that the derangements of the female organism which breed all kinds of miserable feelings and which ordinary practice does not cure, are the very disorders that give way to Lydia E. Pinkham's Vegetable Compound.

Women who are afflicted with similar troubles, after reading two such letters as the above, should be encouraged to try this wonderfully helpful remedy.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

plishing his purpose he choked her to death.

To do this the murderer must have carried the unconscious girl about 500 feet past the residence of a number of prominent citizens, among them Judge Haggerty and Arthur Thibodeaux, who was at the store of the Pupkin Dry Goods company, where she was known and well liked by patrons generally.

A Wonderful Cure

My hair was getting quite gray and falling out rapidly, and I was troubled with a terrible itching of the scalp. My head was full of dandruff. I heard of your Sage and Sulphur for the hair, I got a bottle and used it and almost at once was benefited by it. A few applications relieved the itching, my hair stopped falling out and gradually came back to its natural color. It is now a nice dark brown color, soft, shiny and pliable. SUGGESTION: S. A. DAVIS TORPEDO FASTEST OF KIND

WAS INVENTED BY COMMANDER
DAVIS, U. S. N.

Puts Gun Inside the Torpedo and
Fires Shell on Contact With
Obstacle.

STRUGGLE FOR SUPREMACY

Washington, Nov. 10. (United
Press.)—The feverish struggle for
naval supremacy which has, up to the
present time, centered upon the con-
struction of fast battleships of the
Dreadnaught type, may shortly veer
to the problem of torpedo attack as
the next best method of destroying
the big vessels which are being
launched from the shipyards of the
world powers. The present large bat-
tleships will probably be outdone in
size by those now being designed,
but it is the opinion of naval con-
structors that the limit has been
nearly reached. Military experts are
now devoting themselves to other
qualities which may make them still
more formidable or less formidable
as the case may be.

There is still something to be done
in the way of big guns. To this end
the United States navy is making
ready for its experiments with the
new fourteen-inch rifle which is to be
tested at Indian Head, the naval
proving grounds. This huge piece of
armament is now due at the naval
gun factory at Washington, where it
is to be rigged and where the breech
mechanism is to be attached. At a
steel plant near Washington, the
huge sixteen hundred pound projec-
tiles it will fire are being finished.

The particular value of the new
gun is not in its increased range or
increased size essentially. Its mazi-
zingly velocity is less than that of the present
and twelve inch guns. Its trajec-
tory, the line of flight of the shell,
will therefore be much higher. The
higher the shell goes the less likely
it is to ricochet when it strikes the
water. On the contrary it is more
likely to continue its downward path
through the water with the possi-
bility of striking the ship it is aimed
at below the armor belt. To offset
this possibility, the United States has
recently followed the practice of
other nations in building longitudi-
nal bulkheads the entire length of the
ship to prevent sinking in case the
side were penetrated.

The probability of getting under
the enemy's armor belt is somewhat
enhanced, therefore, by the larger
lower powered guns. If these are
satisfactory, the forthcoming tests
will determine, they will probably be
installed on the next big battleships
to be built for the American navy.
The other method of penetrating a
ship's vitals by getting below the
water line is the use of the torpedo.
The old type of torpedo, which is
little more than a shell with a quan-
tity of gun-cotton which explodes on
contact is not necessarily fatal to a
battleship. The bulkheads protect the
vitals, and, save for a compartment
or two being filled with water, the
vessel is as dangerous as ever. In-
creasing the quantity of gun-cotton
only slightly increases the effect of
the explosion.

NOW SOLD IN AMERICA.

In Less Than Three Years, Parisian
Sage, the Splendid Hair Tonic, is
Sold All Over America.

There is a reason for the phenom-
enal sale of Parisian Sage in the
United States during the past three
years.

And the reason is plain to all:
Parisian Sage does just what it is
advertised to do.

Ask W. J. Gilbert about it, he will
tell you that he rigidly guarantees it
to cure dandruff, stop falling hair or
itching scalp in two weeks or money
back.

There is no reason whatever why
any man or woman should fail to
take advantage of the above generous
offer.

But one thing that has made
Parisian Sage so famous is its pen-
etrative power to turn the harsh, un-
tractable hair that many women pos-
sess into luxuriant and radiant hair
in a short time. Women of refine-
ment the country over are using it
and it never disappoints. Read this
letter:

"I procured Parisian Sage and
found that it was a great hair tonic
and cleanser. I have used other pre-
parations, but Parisian Sage cleaned
the scalp, stopped all irritation, made
my hair fluffy, silky and left no trace
of stickiness as some other hair tonics
had." Mrs. Sarah Sanderhoff, 1402
N. Washington St., Owosso, Mich.,
June 22, 1909.

Sold by leading druggists every-
where and in Paducah by W. J. Gil-
bert for 50 cents a large bottle. The

Gibson Mfg. Co., Buffalo, N. Y.

States navy, conceived the idea of
putting a gun inside the torpedo
which would, on contact, fire a shell
into the ship which would penetrate
the bulkhead, bunkers and whatever
might be in its path and explode in
the interior of the ship, where it
would do tremendous damage either
by disabling the engines or by firing
a magazine. This weapon is still in
the experimental stage, but the navy
department has perfected it, except
for a few minor details, and it will be
ready for tests, very likely, within a
few months.

In principle, the new Davis torpedo
is practically a gun within a gun.
The torpedo is fired or launched from
the tube and in turn shoots the shell
on contact with the target. As its
course lies under the surface of the
water, the heavy armor is useless in
defense against it. Moreover, the
larger ships of the Dreadnaught type
are giving so much attention to big
guns that secondary batteries which
would be used against torpedo boats
are being cut down.

The French are especially interest-
ed in the development of this feature
of naval warfare. The usual range
for a torpedo at present is from two
thousand to three thousand yards
with fair accuracy. At one thousand
yards the percentage of hits is very
high. To get to this range the tor-
pedo boats and submarines must rely
on stealth, as the batteries of the
warships could demolish them at a
much greater range.

It is significant that the United
States has added a number of sub-
marines to the naval list this year.
These are being put through difficult
paces, and the Charleston navy yard
has been made the headquarters for
the submarine and torpedo flotilla.
Speedy destroyers, the fastest vessels
afloat, have also been launched and
tried during the past summer.

Shah Has Newspaper Habit.
Odessa, Nov. 9.—The ex-shah of
Persia, who is living here under the
protection of the czar, is tramping
the city day and night, gathering im-
pressions of the civilized world. Be-
fore he left Persia he had never seen
a railway car, steamship or printing
press. He had never ridden in an
elevator—never heard of such a
thing. Sanitary arrangements were
entirely unknown to him, and that
men and women walk erect in his
presence without shedding their boots
and knocking their forehead on the
pavement, is a perpetual element of
wonderment to the former tyrant.

He has got 'ne newspaper habit—
not for himself, of course, for he can
read Persian only, and is rather de-
ficient in that, but, nevertheless, he
buys every newspaper he sees and
has its contents translated to him on
the spot.

He has engaged a Russian teacher
and is eager to learn the different lan-
guage. He now recognizes his chief
wife only, the other members of his
harem have been degraded to be
ladies of the court. There are ten of
them, and a number of male guar-
dians—Turkish fashion. The seven-
year-old daughter and two small sons
accompany the couple and the shah
obliges everybody to address him as
"majesty." Once a week the ex-king
of kings receives through the Russian
authorities news of his other chil-
dren, the present shah and his
brother.

DEMAND INCREASE

CONDUCTORS AND TRAINMEN OF
EASTERN LINES UNITE.

General Managers of Railroads Some-
what Disgusted Over the Labor
Situation.

Chicago, Ill., Nov. 10.—Demands
for uniform schedules and a wage
increase of about 12 per cent are to
be made by conductors and trainmen
on every railroad system east of Chi-
cago. The movement involves 125,000
men and includes every railroad
east of the Illinois Central main
southern line and north of the
Chesapeake and Ohio railroad. It is
said to be the most stupendous wage
movement ever attempted by the rail-
road brotherhoods.

Incidental to the demands on the
eastern railroads, the switchmen and
yardmen in Chicago are asking a
wage advance of 5 cents an hour.
Switchmen and yardmen in St. Paul
and Minneapolis are also moving for
an increase.

Locomotive firemen on all the
roads west of Chicago are also taking
steps to have existing schedules open-
ed and are after a wage increase.
The only men who are not involved
are the locomotive engineers. While
no strike vote has yet been consid-
ered by the brotherhoods, the general
managers are seriously concerned
over the situation. The Brotherhood
of Railroad Trainmen and the Order
of Railway Conductors are acting
jointly in the eastern movement, as
they did in the spring of 1907, when
uniform schedules were signed by
the western roads.

Lower Communication East.

Wages of conductors and trainmen
on railroads east of Chicago are about
10 per cent lower than the operatives
in the west, and the movement for
the increase is said to be entered into
jointly by the Brotherhood of Rail-
road Trainmen and the Order of Rail-
way Conductors.

Women Judges.

A woman has just been made a
Judge in Denmark, and the Danish
women are boasting that it is the
first time in the history of the world
that such an office has been given to
a woman. The suffragists of the
United States reply by pointing to
Mrs. Catherine Waugh McCulloch, of
Illinois, and Mrs. Mary Cooper, of
Kansas. The Jewish women add to
this list Deborah, the wife of Lap-

of Israel for forty years, but led their
forces to battle because the general
refused to go without her.

20 Years With Heart Trouble

"Dr. Miles' Heart Remedy has
cured me of heart disease of
over 20 years' standing. I was
so bad that I could not do my
work, and could scarcely draw
a full breath without fainting or
smothering. The doctor told me
he could do no more for me;
then I commenced taking the
Heart Remedy. I shall never
forget that night. I slept better
than I had before in months. I
kept right on getting better, un-
til I was perfectly well."
MRS. LAURA RUSSELL,
Logan, Iowa.

When the heart action is
weak, it fails to pump the blood
through the lungs with sufficient
rapidity. Then the lungs do not
absorb the proper amount of
oxygen, although they may be
taking in a normal amount of
air. The result is shortness of
breath, smothering spells, diffi-
cult breathing, oppressed feeling
in chest. Dr. Miles' Heart Rem-
edy strengthens the heart nerves
and muscles, and in this way
increases the circulation.

CROWDS GROW LARGER JUST AS THE HEALTH TEACHER PREDICTED

Again All Are Requested, Who Possibly Can, to Call on Him
at Once to Avoid the Later Crush--A Word
to the Wise is Sufficient.

From 9 o'clock Saturday morning until 5 o'clock in the evening Fisher was indeed a busy man at McPherson's drug store, corner Fourth and Broadway. He has been read and talked about so much that there was great anxiety to meet him. Strange to say, many people left the drug store disappointed because Fisher would not supply them with his Quaker remedies. But there is a reason for this. Fisher is proud of the reputation already established for himself and the Quaker remedies. He wishes to prove that these remedies cure certain but not all complaints, and therefore it is when some people explain their ailments, he refuses to sell them the remedies, because he knows they will be of no benefit. The callers he desires most particularly are sufferers of rheumatism, catarrh, constipation, kidney, liver, stomach or blood troubles. Such complaints will vanish with the use of Quaker, and if they don't the price of the remedies will be refunded. This is a fair, open, honest offer, and would never be allowed to be made through the firm of McPherson unless it was carried out. Therefore come with

confidence, ask for Fisher, and if he thinks Quaker will help you, he will tell you so; and if he thinks they will not benefit you, he will not offer the remedies.

Many people, surprising to say, are afflicted with tapeworms, which cause much misery, pain and very frequently death. A remedy for the expulsion of such tapeworms has long been sought for. It has been found in Quaker Extract, and therefore any afflicted person should call on Fisher at once and he will prove that Quaker Extract will expel the worm, complete with head, and unless it does the work no charge is made.

The best thing to do is to force Fisher to prove what he says. He is ready; it is up to you. He can be seen at McPherson's drug store daily from 9 a. m. to 5 p. m. When Fisher publishes a testimonial the name and street address of persons cured is invariably given, so that it can be investigated by mail, phone or letter. Promises amount to nothing. You want results and Quaker gives results and Fisher is here to prove it. Call on him at once. It costs nothing to talk to him.

M'FARLAND WINS IN TEN ROUNDS

CHICAGO BOO GETS DECISION
OVER "CYCLONE JOHNNY."

Old John L. Sullivan May Act as
Referee of the Jeffries-
Johnson Fight.

NEWS OF THE PRIZE RING

Kansas City, Mo., Nov. 10.—Packer McFarland, the idol of the Chicago stockyards district, was given the decision over "Cyclone Johnny" Thompson, of Sycamore, Ill., in a whirlwind ten-round fight here last night.

The battle was that of a scientific boxer who was able to hit and get away, against a man whose main asset is slugging and who could not get near enough to his shifty opponent to land.

In but one round—the second—was Thompson able to send home enough telling blows to make it appear that his strength would carry the fight home to him. But with Packer hanging on, and making the most of his wonderful foot work, the "Cyclone" could not corner him. After that round there was little doubt as to the outcome, although Thompson took a brace in the last three rounds and did some good work.

A mighty shout of approval went up when, at the end of the tenth round, Referee Joe Coffey, of Chicago, raised Packer's right hand, signifying that he had won. A few of Thompson's friends clamored for a draw, but the decision was popular in the main.

Worried by the terrible pace, McFarland did not realize that he had won. Two minutes after the decision had been rendered he hurried across the ring to the press box and asked: "Did I win?"

Jeffries Operated On.

New York, Nov. 10.—James J. Jeffries yesterday underwent an operation on his nose for the purpose of perfecting his breathing apparatus, and the operation was pronounced successful. After it was over Jeffries declared that he never felt better in his life, and that it is only a question of taking off some superfluous weight before he would be ready to enter the ring with Jack Johnson.

John L. Sullivan May Referee.

New York, Nov. 10.—John L. Sullivan, who has been mentioned as a possible referee for the Jeffries-Johnson fight, has this to say about it:

"If I am asked to officiate I will accept. The American public knows me and my reputation, and that I would render a fair and unbiased verdict. If I am the third man in the ring there will be no loafing or stalling. The men will have to fight from the handshake till one or the other is beaten. I will guarantee the public a run for its money."

Jeffries has a black eye, the result of his first public exhibition boxing bout with Sam Berger since arrangements for his fight with Johnson were made.

Mrs. John W. Keller and daughter, Miss Anita Keller, and Miss Mary Wheeler arrived safely today on the steamer George Washington from Europe. Misses Keller and Wheeler will remain in New York to continue their studies, while Mr. John Keller will accompany Mrs. Keller home.

Mrs. Charles K. Wheeler left Tuesday for New York to meet her daughter.

WILL APPEAL GOMPERS CASE

U. S. SUPREME COURT WILL PASS
ON HICK STOVE DECISION.

Protest Entered Against Use of Injunction Except in Cases Where Restraint Order Would Lie.

LABOR FEDERATION DECIDES

Toronto, Ont., Nov. 10.—The executive council of the American Federation of Labor, in its report to the convention, recommended that an ap

peal be taken to the United States supreme court from the jail sentences imposed on President Gompers, Vice-President Mitchell and Secretary Morrison for contempt in the Hick's Stove and Range company boycott case.

The council recommends also that an appeal be taken in the original injunction case, the alleged violation of which resulted in the contempt proceedings against the three labor leaders. The report says in part:

"We can not permit these decisions to go unchallenged. They affect fundamental rights, and either the courts or congress must safeguard them."

"We again enter our protest against the application of the writ of injunction in labor disputes (unless where an injunction would lie if there were no labor disputes)."

Interfere With Liberties.

"We hold that the ordinary use of the injunction writ in contentious disputes between workers and employers is an unwarranted interference with the

rights and liberties of the workers, and is intended, and its influence used to intimidate workers, especially when they are engaged in a struggle for improved working conditions. It is a fact, however, that such injunctions are issued."

The report says that after exerting every effort to induce state and central bodies to comply with the federal constitution and suspend the proceedings against the three labor leaders, a number of these state and central bodies have been suspended, including Dallas, Tex., and Sherman, Tex.

Congressman William H. Wilson, of the miners' delegates, has drawn a bill for old age pensions to the next congress.

The report favors "industrial training which will give our boys and girls such training as will help them to advance after they are in industry."

Harmony With Farmers.
The council favors the growth of

farmers' relations between the Farmers' unions of the country and the American Federation of Labor.

Concerning the execution of Ferrer, the report says:

"The execution of Ferrer in Spain has aroused a world-wide sense of indignation and protest. At our meeting held at headquarters shortly after his execution we adopted resolutions expressive of organized labor's protest for the cause of free speech, free press and free education, which has found in Ferrer another martyr."

Following the submission of the report of the executive council, the convention adjourned until 9 o'clock tomorrow. The delegates were given a trolley ride around the city and were entertained at a theater.

—Mr. and Mrs. Hahr, of 1407 South Sixth street, were notified this morning by telegram that they are grandparents of a fine baby girl, born to Mr. and Mrs. P. P. Brockman, of Attalla, November 9.

COAL! COAL! COAL!

Experience of ten years, handling coal from every mine accessible to Paducah, TAYLOR COAL, has given the best satisfaction, and, as the consumer is the best judge and the one to please, we have decided to handle no other. Never clinkers; no slate; no slack; burns to a fine white ash and will beat any coal in the world for holding fire all night. We have found it the best, those that tried it found it the best, if you try it you will find it the best, and have no other. Be sure and get our prices before buying.

Now is the time to place your coal order for the winter. And every coal dealer will tell you his is the best. Unlike other dealers, we are not under salary or contract to sell coal from any one coal mine and to tell you it is the best; but an ex-
